Discussion occurred regarding the Jungo Road agreement with Hycroft. He also commented on discussion he had with Klondex about drilling wells out in the Midas country that the County has water rights for and the right-of-way from the BLM and while Klondex's representatives did not say no but they didn't say yes as they are unsure whether they have the funding available, so once the final estimates come in from the driller they will be provided to them to see if they are interested in moving forward with it.

MISCELLANEOUS ROAD RELATED MATTERS: None offered.

UPDATE AS TO THE STATUS OF THE BADGER RANCH AND CHIARA RANCH (OWNED BY DAN AND EDDYANN FILIPPINI) NORTH BUFFALO GRAZING ALLOTMENT (HUMBOLDT COUNTY) WHICH IS IN THE BATTLE MOUNTAIN BLM DISTRICT:

EddyAnn Filippini representing the Badger/Chiara Ranches and Richard Smith of the Te-Moak Tribe serving as a consultant appeared before the Commission and provided handouts including a copy of a Memorandum for the Heads of Executive Departments and Agencies Subject: Tribal Consultation, a copy of Resolution #2015-05 of the Lander County Board of Commissioners Supporting the Ranching and Livestock Industry and Opposing Unjustified, Arbitrary and Subjective Grazing Restrictions by the Bureau of Land Management (BLM) and the U.S. Forest Service (USFS), a copy of an e-mail from Richard Smith to Doug Furtado regarding discrimination and racial acts among BLM officials and a copy of the American Indian Religious Freedom Act language. Mrs. Filippini reviewed the background of what has been occurring in Battle Mountain related to grazing and the BLM, their allotments in Copper Canyon and North Buffalo, the grazing authorizations issued by the BLM for the Battle Mountain Complex including the agreements between ranchers and the BLM, the closure in 2013 of the Battle Mountain Complex due to drought and issues resulting from that closure, other actions by the BLM including their refusal to work

with the permittees, recommendations being done by the National Riparian Team and a presentation being done by a member of the Riparian Team regarding how to handle cattle during a drought situation. Mrs. Filippini reviewed the resolution copy provided and noted changes to the language that they intend to make prior to submitting to the Lander County Commission. She continued commenting on issues the livestock industry in Lander County is having with the local BLM Office. Mr. Smith commented on the Tribe's support of livestock industry and their support of grazing to help prevent wild fire and to protect native plants; he offered comments related to the BLM and discrimination against the Tribe. Mrs. Filippini commented on the power of local County Commissions and the need for neighboring County Commission's to know what is going on. Discussion occurred regarding the status of the permits for this year and the restrictions on those permits. Commissioner French commented on discussion that had occurred during a WIR board meeting regarding the issues in the Battle Mountain District. Sammye Ugalde offered public comment on the effect these actions will have on ranching in Nevada and her concerns about those effects. The Commission thanked Mrs. Filippini and Mr. Smith for the information.

HUMBOLDT DEVELOPMENT AUTHORITY (HDA) IS SEEKING COUNTY APPROVAL AND PARTICIPATION IN A PROPOSAL TO PURCHASE ABOUT 27 ACRES OF LAND TO BE ADDED TO THE WINNEMUCCA AIRPORT INDUSTRIAL PARK PROPERTIES (APN 013-274-02 AND APN 013-274-02) TO ALLOW ACCESS TO PHASE II OF THE AIRPORT INDUSTRIAL PARK, AND EXPAND PROPERTIES AVAILABLE IN PHASE I OF THE INDUSTRIAL PARK, ON THE EAST SIDE OF THE RUNWAYS:

Patrick Gray, Chairman and Bill Sims Administrator/Coordinator for the Humboldt Development Authority (HDA) appeared before the Board. Mr. Gray and Mr. Sims provided information on and spoke in support of a proposal for the City, the County and the HDA to acquire some land that is essential for the Airport Industrial Park including identifying on maps the locations of the parcels in relation to the property that is already owned by the entities for the industrial park, how previous parcels were purchased by the entities, that the portion that is needed is for access to the properties to the west and is owned by Robert Stitser, that there has been long term discussion about obtaining access across this property and the preference to obtain a right-of-way across to two separate parcels equaling about two and a quarter acres for a 100 foot access. Mr. Sims continued stating that the property owner has indicated that an offer needs to be made and because of the long term relationship between the City, County and HDA on the airport, it was felt that it was necessary to obtain an okay from the City and County for pursuing this matter as well as the desire to share the cost between the three entities; he noted that if they are unable to obtain the right-of-way they would attempt to purchase all twenty-seven acres as it would make sense to add that acreage to the park. Chairman

Amos asked if an appraisal had been done yet and suggested that they proceed with putting a deal together as he was sure that the County would be happy to cooperate. Mr. Sims stated that they felt that they needed to take an offer to Mr. Stitser to see if they are even in the ball park. Commissioner Bell commented that what HDA is looking for is confirmation that they have the backing to make an offer as if the support is not there then they would not pursue the matter. Mr. Gray stated that they want to make sure that all three entities are on board with this proposal. Commissioner French observed that what is before the Board is authorization to participate in the purchase of twenty-seven acres and while he does not have a position at this time he does have a concern about obligating the County to participate in the sale when the price is an unknown. Chairman Amos concurred with the concern. Commissioner Bell stated that what is occurring today does not commit the entities to purchase anything but does begin the process to determine if the property can be obtained. Mr. Gray stated that it would be subject to terms and conditions of that purchase. Commissioner Brissenden asked for input from the District Attorney. District Attorney Macdonald noted that as the neighboring property is owned by the City it would make sense that the title would be in the name of the City; he referred to statutory language that requires appraisals of property prior to County purchase and suggested that the City may have that type of requirement as well so, he noted concerns about committing to a purchase when there is no appraised value but he suggested that the Commission could authorize reaching out to the property owner to see if there is an interest in selling either the acreage associated with the right-of-way or the full twenty-seven acres but again he noted his concern about committing tax payer dollars to a purchase without the required appraisal. Mr. Sims stated that they want to pay fair market value for the land and referred to a map that showed properties of a similar type and what the sale costs were for those and offered an estimate of what the potential cost to each entity would be; he agreed that appraisals would be needed prior to any deal being brought back. Commissioner Cerri asked if there was any urgency in pursuing this. Mr. Sims responded that no there are no active clients but that interested parties have looked at the location within the last year and given the growth in the Reno area it is something that needs to be accomplished so the community is prepared if someone comes in. Based on a question by Commissioner Cerri, Mr. Sims identified possible alternate routes indicated on a map and discussed the issues those alternatives would create. Mr. Sims stated that this request would go to the City Council at their next meeting. After discussion the following motion was made by Commissioner Bell:

To approve the HDA to go out and talk to Mr. Stitser and see if they can strike up some kind of agreement, at least in concept to buy this property and then come back to the Commission with the deal.

Commissioner Cerri asked whether both options, buying the property or buying just the right-of-way, should be looked at. Commissioner Bell agreed that both would be looked at and indicated that this motion would not commit to the purchase. Commissioner French stated that he wanted to make sure that the motion does not commit the County to participate in the purchase of the land at this time. Commissioner Bell and Chairman Amos confirmed their agreement. Commissioner Brissenden asked District Attorney Macdonald if it is okay to change the verbiage slightly from the agenda item. District Attorney Macdonald stated that the Commission is authorizing with this proposed motion just the initial step in the process indicated in the agenda item, to allow HDA to contact the property owner and determine his interest in the sale of the right-of-way or the total twenty-seven acre parcel and that any deals would be subject to coming back before this Board to determine any final commitment of the County by funds or otherwise. The Board agreed. Commissioner Bell stated that was his motion. Chairman Amos called the motion to a vote and it passed unanimously.

REQUEST BY WINNEMUCCA LITTLE LEAGUE FOR A GRANT TO COVER THE FAIRGROUNDS FEE FOR THE ANNUAL SPAGHETTI FEED FUND RAISER: *(Winnemucca*

Little League President Jeff Dawson appeared before the Commission earlier in the meeting during public comments) Commissioner Bell noted that the Commission has approved this grant in prior years and offered the following motion which passed unanimously:

To grant \$200.00 to the Winnemucca Little League to cover the fairgrounds fee for their annual spaghetti feed fund raiser.

REQUEST BY HUMBOLDT SHOOTING PARK FOR ANNUAL DONATION OF \$1,500.00 AS WELL AS SOME ADDITIONAL SUPPORT FOR IMPROVEMENTS AT THE PARK: Provided

to the Board for review was a letter from the Humboldt County Shooting Park Project Coordinator identifying the projects completed at the park in the prior year and requesting assistance from the County in purchasing a canopy for the new shotgun area. Mr. Arrien appeared before the Commission and explained that while he had made a request for the Commission to assist with the purchase of a canopy another organization has stepped up to assist with that. Mr. Arrien explained what the annual contributions are from the City and County and how those funds are used for the annual maintenance at the facility; he noted that he had just received those funds in September so he is not here to make that request but just to answer any questions that the Commission may have. Commissioner French commented that he believed the Commission's intent in the prior year was to make this a line item and to match at least the amount of \$1,500.00 that the City contributes; he noted the benefit of the facility to the community. Mr. Arrien informed the Board that everything at the facility is County owned, nothing is

03/16/2015

Page 7 of 10

privately owned, that it is maintained by volunteers and he discussed some of the grants that he is seeking. Discussion occurred regarding the purchase of the canopies by the County as it is a county owned facility with the contribution to offset that purchase. District Attorney Macdonald noted a concern about approval for that expenditure as it is not included in the agenda item, he suggested that additional information be obtained as to which line item will be used for the expense and then bring the item back to a future meeting and he recommended that the \$1,500.00 annual contribution be addressed by either indicating that it will be handled at the budget hearings or as part of the cost share agreement with the City. District Attorney Macdonald stated that the homework on how to handle the canopy request will be done. Commissioner French asked that someone from the facility come before the Commission annually prior to budget hearing to report on the facility and programs. Commissioner French offered the following motion:

That the Commission open a line item of \$1,500.00 annually in our budget talks, coming up for the Winnemucca Shooting Park and that we authorize the Administrator to open discussions for additional support at a later date.

Commissioner Cerri stated that he would prefer that a line item be created for community contributions as there seems to be other requests for donations that come before the Board on an annual basis and that all of those should be included in the line item rather than it being specific to the shooting club. Commissioner French noted that there is a line item for contributions such as what was requested by the Little League but his intention was to create a line item for the Shooting Range because it is a Humboldt County facility and something needs to be set up for the long term maintenance and needs. Discussion occurred regarding the amount that should be included in the line item with Commissioner French suggesting that \$1,500.00 be done for this year but discussion could occur regarding the appropriate amount at future budget hearings. Discussion occurred regarding the current funding for this fiscal year and the usage of the facility. Chairman Amos called Commissioner French's motion to a vote and it passed unanimously.

REQUEST BY LOWRY HIGH SCHOOL SENIORS FOR GRANT TO COVER THE WINNEMUCCA CONVENTION CENTER FEE FOR THE RENTAL FOR THE ANNUAL GRADUATION "DRUG FREE" PARTY:

Administrator Mendiola noted that this request is for the cost to cover the rental of the Winnemucca Event Center for the graduation, the Drug Free Graduation Party was approved at a prior meeting. Chelsea Baker appeared before the Commission representing the Graduation Class of 2015 and spoke in support of a grant in the amount of \$1,500.00 to cover the rental for the facility and floor installation/removal for the upcoming Graduation ceremony. Commissioner French noted that this is an annual request and offered the following motion.

To grant the request by Lowry High Seniors for the grant to cover the Winnemucca Convention Center fee for the rental for the annual Drug Free Graduation Party as presented.

Discussion occurred regarding that the request was for the actual graduation ceremony not for the party. The following amended motion was made by Commissioner French and passed unanimously:

To grant the request by the Lowry High Seniors for a grant of \$1,500.00 to cover the rental fee for the Winnemucca Events Center and the floor cost for the graduation ceremonies as presented.

PRESENTATION BY JOSEPH GARROTTO OF THE U.S. FOREST SERVICE, SANTA ROSA RANGER DISTRICT, REGARDING THE PROPOSED REMOVAL OF APPROXIMATELY 1,200 UNAUTHORIZED DOMESTIC HORSES FROM FEDERAL LANDS IN CO-OPERATION WITH THE FORT MCDERMITT PAIUTE-SHOSHONE TRIBE:

Provided to the Commission for review was a copy of the Forest Service Santa Rosa District Scoping and Request for Comments for the Cooperative Horse Removal with Fort McDermitt Paiute-Shoshone Tribe, a copy of the map depicting the project area and a copy of the details of the proposed action including the purpose and need and the preliminary assessment of effects. Santa Rosa District Ranger Joseph Garrotto appeared before the Commission and reviewed the proposal noting that these are not wild horses but domestic tribal horses that are on the Forest Service lands. Discussion occurred regarding the number of horses, how the gather would be accomplished and that an agreement is being worked on with the Tribe to address the release of

horses on to Forest Service lands and how that will be addressed in the future. Steve Hall of the Crawford Ranch appeared before the Commission and commented on issues with these horses on Forest Service lands and stated the Ranch's support for this gather. Commissioner Cerri asked if the gather would cause the closure of any County Roads. Ranger Garrotto stated no County Roads would be effected only Reservation Roads. The following motion was made by Commissioner French:

To direct the County Administrator to write a letter of support for the Chairman's signature supporting the U.S. Forest Services' efforts to gather horses onto the Fort McDermitt Indian Reservation.

Gary Bengochea requested (from the audience) that a copy of the letter be sent to the County representatives in Washington D.C. Mr. Hall thanked the Commission and the Forest Service. After discussion Chairman Amos called Commissioner French's motion to a vote and it passed unanimously.

PUBLIC COMMENTS: Chairman Amos asked for public comments. An audience member commented (from the audience) on her opposition to horse gathers using helicopters.

ADJOURNMENT: Chairman Amos adjourned the meeting at 12:00 p.m.
